Hello again skaya!

Stef Murky here. I got a hold of the mailing list. The mailing list that Illiad specifically marked "DO NOT ABUSE OR DEATH SHALL RAIN FROM ABOVE."

SEEMS LIKE OPT-IN TO ME BABY!!

The real message is that the BIG BOOK OF UF TEN YEARS SUPER DUPER DOUBLEPLUS GOOD HARDCOVER EDITION has gone to press, and I Just Wanted To Let You Know because some of you were holding off to make sure, and also the run is Really Really Limited so if you want your copy you'd better get it soon! Also, if you order by November 20th and you're in North America, we'll get that book to you in time to slip it under the Christmas tree!

Single un-signed copies are available for \$75 from the fine folks at ComputerGear:

Better yet, simply upgrade or renew your Evil Genius in Training account and for a measly \$100, I'll make Smiling Man send you an AUTOGRAPHED Copy! (plus I've got illiad chained to a chair...):
